

Adult Program Tuition and Fees Sheet FALL 2023 & SPRING 2024

IPTAR operates on a quarterly academic schedule, with two eight-week courses offered each quarter for each program. Some classes may be 16 weeks with a “Part I” and “Part II” spanning two quarters. Total cost reflected below is for Full Time students: those taking 8 classes per year. Full time status is typically required for the first two years of the Adult Program. This tuition and fees sheet is only meant to be used during the academic year that spans Fall 2020 and Spring 2021, September 2020 to June 2021. All tuition must be fully paid in order to enroll in the following year. Tuition is paid on a quarterly basis and full tuition must be paid by the end of the year. Candidates with a

tuition balance may not enroll in the oncoming year until the balance is paid. All fees must be paid in the quarter they are incurred.

Analysis

Candidates in the Adult Psychoanalytic Program are required to be in analysis with an

The cost of psychoanalysis is arranged privately with your analyst, though it ranges between \$100 and \$250 per session. Limited low-fee analysis is available based on need and availability. It is recommended that candidates of all programs are in analysis throughout their training.

Payment Plan

Candidates have several options to pay tuition. Tuition can either be paid in full after enrollment or candidates can opt for a payment plan. If a candidate prefers a payment plan tuition for the enrolled quarter is due by the end of the quarter. Candidates can break down the payments into as many as 4 installments over this period.
